

101 Uses for Bungee Ball Ties

Ball ties are a short piece of rubber bungee cord made into a loop and knotted inside a small plastic ball. While we market these as the best way to fasten a tarp to canopy frame they have many other uses. These ball ties may very well be one of the most versatile things you can have in your home, shop or business. Here is a list of uses compiled by our customers and employees.

1. Attach Creative Shelters' tarps to canopy frames
